II. POLICY STATEMENT

A. Authority for the creation of campus administrative policies is found in *The Laws of the Regents, 2007*, Article 3 Section B.5(A) which states:

The chancellor of each campus shall be the chief academic and administrative officer responsible to the president for the conduct of affairs of their respective campus in accordance with the policies of the Board of Regents. The chancellor shall have such other responsibilities as may be required by these *Laws*, or regent policy, or as may be delegated by the president.

B. Purpose:

The purpose of this policy is to provide information that clearly defines university and individual responsibility with regard to the procurement, sale, service, and consumption of alcohol on University owned or operated property and/or at University events.

This policy also provides information regarding the process for gaining approval to engage in the procurement, sale, service, and individual consumption of alcohol on University owned or operated property and/or at University events.

For any Event, Alcohol may be served only in accordance with this policy and applicable state, municipal, and federal laws and regulations; Regent Laws and Policies; and Administrative Policy Statements and UCCS campus policies.

C. Procedures:

1. Use of alcoholic beverages and marketing.
 - a. The availability of alcoholic beverages at any event on property owned or operated by UCCS may not be a prominent part of any advertising campaign for the event.
 - b. The availability of alcoholic beverages on property owned or operated by UCCS may never be the primary focus of the event or force by which individuals are enticed to attend the event.
2. University Events. The following applies only to University Events. For Non-University Private Event procedures see section V.C.
 - a. Authority to approve use of alcohol.
 - i. The Vice Chancellor for Administration and Finance must approve the purchase and service of alcohol at any University related activity, event, or function, regardless of the funding source for the alcohol. The Vice Chancellor for Administration and Finance may delegate this authority to an appropriate University employee.
 - b. Funding options for University Events with alcohol.
 - i. Gift funds. Only gift funds with a "Y" attribute may be used to procure alcoholic beverages. Consult department/college financial support personnel or the UCCS

Controller's office for further explanation if uncertain as to what constitutes an appropriate gift fund.

- ii. Auxiliary funds. Certain auxiliary funds may be approved for the purchase of alcohol if it is being purchased in conjunction with a conference. In submitting the request for approval, the conference brochure must include registration information that advises registrants a portion of the registration fee will be used for alcohol.
- iii. Grant funds. If the procurement of alcohol is allowed under a grant, written permission from the Office of Sponsored Programs must be included with the UCCS Alcoholic Beverage Authorization Form.
- iv. Personal funds. Personal funds may be used to procure alcohol for a university event. However, such funding does not eliminate the need to request approval for the event and use of alcohol at the event. All other regulations, including appropriate bartender service, must be met.
- v. Donated alcohol.
 - a) If the venue is a licensed space, donated alcohol may only be secured through the license holder. Based on Colorado law and regulation, the license holder is restricted to accepting alcohol only from certain distributors, breweries, and wineries. Event managers, organizers, and coordinators are to consult with the license holder prior to accepting any donated alcohol. The availability of donated alcohol does not eliminate the need to request approval for the event and use of alcohol at the event. All other regulations, including bartender service (as defined in definitions), must be met.
 - b) If the venue is an unlicensed space, acceptance of donated alcohol from any appropriately licensed source is acceptable. The availability of donated alcohol does not eliminate the need to request approval for the event and use of alcohol at the event. All other regulations, including bartender service (as defined in definitions), must be met.

3. Authorization Form.

- a. All departments and/or individuals planning to serve alcoholic beverages at a University activity, event, or function, regardless of the location of the event and/or whether or not alcohol is sold, are required to submit the University of Colorado Colorado Springs Departmental Alcoholic Beverage Request Authorization form. The above referenced form is included as an attachment to this policy.
- b. All areas of the form must be filled out prior to submitting the form including designation of a responsible party for the event.

4. Fundraising.

- a. For events which meet the criteria of a fundraising event, the event requestor must acknowledge on the UCCS Alcoholic Beverage Authorization Form that he/she will fill out the Fundraising Authorization form.
